CITY OF CALDWELL PRESS RELEASE

DATE: December 11, 2023

City of Caldwell water customers received a credit of \$69 on their December 1 water bill. The one-time credit was made possible during the 2024 budget process when Mayor Wagoner and City Council approved a one-time rebate. The rebate came from a surplus of fund balance in the sanitation fund.

“Providing this credit to customers was a pleasure for the City Council and myself. We know this time of year can be financially difficult so we think using this surplus to give back comes at a good time and that this small credit can make a difference,” said Jarom Wagoner, Mayor of Caldwell.

If you need assistance paying your water bill, the City's Caldwell Cares program provides water bill payment assistance to customers in need. Caldwell Cares is funded through the generous donations of Caldwell residents. We also partner with The Salvation Army to assist residents with water bills.
