

Industrial Pretreatment Program

IU Classification Determination

Date of Determination: ___/___/_____

Conducted By: _____

User Contact Information

Facility Name: _____

Contact: _____

Facility Address: _____

Position: _____

Phone: _____

Email: _____

Determination Questions

Yes No

Is the average daily flow greater than 25,000 gallons per day? (SIU)

Yes No

Does the daily discharge from the User comprise <5% of the POTWs dry weather hydraulic or organic, or solids capacity? (SIU)

Yes No

Does the User have reasonable potential to cause pass-through or interference? (SIU)

Yes No

Are any of the production processes used by the User regulated under the National Categorical Pretreatment Standards? (CIU)

List any applicable Point Source Categories: _____

Yes No

Is there any other basis for requiring this User to obtain a Wastewater Discharge Permit? (SIU)

Please explain: _____

If the answers to all of the above questions are “No”, the User is a Non-Significant User (NSU), and is not required to possess a Wastewater Discharge Permit.

If the answer to any of the above questions is “Yes”, with documentation, the User is either a Significant Industrial User (SIU), or a Categorical Industrial User (CIU), as noted at the end of each question, and is required to possess a Wastewater Discharge Permit. If the answer to both CIU and SIU questions are “Yes”, the User is a CIU.

Circle the classification of the User: SIU CIU NSU

If a CIU, under what Point Source (include CFR notation): _____
