## CALDWELL FIRE DEPARTMENT PRESS RELEASE

DATE: July 22, 2024

The Caldwell Fire Department is proud to announce the successful completion of our recent partnership with the Community Council of Idaho for their long-sleeved t-shirt drive. This initiative aimed to support the hardworking farmworkers within our community by providing them with much-needed protective clothing.

This past March, the Caldwell Fire Department donated 100 long-sleeved T-shirts, each emblazoned with the vital safety message, "Know Two Ways Out of Your Home," on the back. This message serves as a crucial reminder of the importance of fire safety and preparedness.

The distribution of these t-shirts has now been completed, and we are thrilled to have contributed to this meaningful cause. Farmworkers play an essential role in our community, and their safety and well-being are of paramount importance to us.

By participating in this drive, we hope to not only provide practical assistance but also to raise awareness about fire safety in the homes of our community members. Ensuring that everyone knows how to safely exit their home in case of a fire is a key aspect of our mission to protect and serve the Caldwell community.

"We are incredibly grateful for the opportunity to support our farmworkers through this initiative," said Deputy Chief of Fire Prevention Alan Perry. "Our goal is to not only provide protective clothing but also to spread an important message about fire safety. Knowing two ways out of your home can save lives, and we want everyone in our community to be prepared."

We extend our heartfelt thanks to the Community Council of Idaho for their collaboration and to everyone who supported this initiative. Together, we can make a difference and promote a safer, healthier community for all.
