\_\_\_\_\_

CURRENT ZONE DESIGNATION OF THE SITE: \_\_\_\_\_

USE OF THE SITE: \_\_\_\_\_

AMOUNT OF IRRIGABLE SQUARE FEET ON THE SITE: \_\_\_\_\_

1. Potable municipal water may be used for irrigation purposes only if one or more of the following conditions are met. Please mark one of the following:

- Irrigation water is not available within 250 feet of new commercial developments with less than 10,000 irrigable square feet, or for single-family residential lots outside of Caldwell Irrigation Lateral District, where irrigation water is not available within 150 feet of the property in question.
The irrigation water system cannot be physically extended as determined by the appropriate irrigation district.
The property in question does not have and has not had for any of the past 3 years, an irrigation water right and cannot obtain one from the irrigation district by which the property is bounded. Said irrigation district must certify to the city that such a right is not available and cannot be provided.
When due to physical health or ability, the operation of the gravity irrigation system has become too difficult to manage, a written letter explaining the hardship case shall be attached to the application for consideration. Hardship cases are mutually approved on a case-by-case basis the Public Works Director/City Engineer and Water Department.

**2. Owner, Developer and Engineer please initial the following statements indicating that they have been read and understood and that they will be complied with exactly:**

- \_\_\_\_\_ Applications are approved or denied on a case-by-case basis by the City Engineer.
- \_\_\_\_\_ If a property is reliant upon City water for irrigation purposes and an opportunity becomes available to connect to a pressurized irrigation system, that connection shall take place.
- \_\_\_\_\_ In the event the above statement occurs, lock out devices approved by the City shall be installed to ensure that City water is no longer used during the irrigation season.
- \_\_\_\_\_ Any connection to the potable water system for irrigation shall be made in compliance with City and Caldwell Municipal Irrigation District standards including the use of an approved backflow prevention device and must be approved by the City Engineer.
- \_\_\_\_\_ Design of the irrigation system shall follow the requirements of Caldwell Municipal Irrigation District.

I understand this application shall not be considered complete until all required information has been submitted. All the information, statements, attachments and exhibits transmitted with this application are true to the best of my knowledge.

DEVELOPER SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

ENG/SURV/PLANNER SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

**The following attachments MUST accompany this application or the application will not be accepted:**

Developer Initials	Staff Verified
_____	_____
_____	_____

- A. Site Plan (at a minimum show the property boundaries and a clearly detailed depiction of all irrigable areas)**
- B. Detailed description of request**
  - Please explain why you are requesting use of City water for irrigation purposes.
  - Please clearly explain why you qualify for one of the three instances (as already marked above on Number One) where use of City water may be allowed for irrigation purposes.
  - Please explain how long you will be using City water for irrigation purposes if it's a temporary use.  
Your detailed description needs to provide enough information and evidence to allow for possible granting of the request. This detailed description is your opportunity to show the City why your request should be approved.
