OWW-191  
Seattle, WA 98101-3140

To Whom It May Concern,

The City of Caldwell Wastewater Treatment Facility would like to inform the EPA that a required sample for Permit #ID0021504 was not collected and analyzed for the monitoring period from 05/01/18 to 05/31/18. The sample that was not collected is the Carbon Dissolved Organic (as C) sample on the 001-External Outfall Permit code 00681. Due to the multiple sampling suites the City was collecting during the month of May, the sample was inadvertently missed. The City of Caldwell will take measures to ensure the sample will not be missed in the future.

Sincerely,

Salvador Arreola  
Wastewater Supervisor  
City of Caldwell
